

TOUR-MATE COLLABORATES WITH THE AGO FOR *CHAGALL AND THE RUSSIAN AVANT GARDE*

October 12, 2011 – Leading interpretive and audio tour specialist Tour-Mate Systems is providing the audio tour for the Art Gallery of Ontario's exhibition – *Chagall and the Russian Avant Garde*. The tour will be available to exhibition visitors in both English and French. The tour was created and produced by Tour-Mate's production team and will be delivered to the public via Tour-Mate's SC550 hand held Listening Wand system. Additionally, Tour-Mate produced audio segments to be provided to AGO visitors via listening stations located in the Gallery as well as via the web.

Elizabeth Smith, AGO Executive Director of Curatorial Affairs said : "The information provided on this tour will enrich our visitors' experience and understanding of the exhibition *Chagall and the Russian Avant-Garde*, offering numerous insights into the lives of the artists and the aims underlying their work." Jessica Bright, AGO Project Manager for the exhibition said, "We are pleased to partner with Tour-Mate on this project. As usual they have supplied us with a first class product and we know our visitors will be delighted".

Neil Poch, President of Tour-Mate Systems Ltd., said, "I am delighted that visitors to this magnificent exhibition will have the opportunity to take the tour using Tour-Mate's SC550 system. The AGO is a world class art museum and it is always a privilege to work with it and AGO staff to provide insights into their exhibitions".

The exhibition runs from October 18, 2011 – January 15, 2012.
